**NOZOMI YOUNG KOI SHOW
2011
INFORMATION PACKET
General Information and Rules**

Participation and Qualification:

The Nozomi Young Koi Show is open to all Koi hobbyists.

Entering Fish:

Show Style: We will be using an American style of showing fish. Each Koi owner will have the option of either having a tank designated exclusively for their fish, or sharing a "communal" tank with other entrants.

Identification: To ensure that all entrants get their own fish back, digital photos will be taken at the time of benching.

Entry Fees: Entry fee will be **\$25.00** per owner which will cover the entry for one to five koi. Entrants entering five or fewer than five koi, may share a show tank with other entries at the Show Committee's discretion.

Entrants who do not wish their koi to come into contact with other koi or who wish to enter more than five koi will be assigned a show tank for their exclusive use at an additional fee of **\$25.00** per tank. Entrant Worksheets for computing tank needs are enclosed later in this packet.

Pre-registration for tank space is required. We cannot insure the availability of additional tanks at check-in time. Contact Zak Schmidt (425-486-8504 or zgschmidt@koi.com) for tank reservations.

Registration and Check-in:

Check-In Times: Fish Registration and Check-In will be from 1:00 PM til 7:00 PM Friday, June 17th and Saturday, June 18th from 8:00 AM til 10:00 AM. No entries will be allowed at any other times. Limited boarding and airport pick up service is available for out-of-towners who wish to enter koi in the show. Contact Zak Schmidt (425-486-8504 or zgschmidt@koi.com) for details.

Check-In Process: When you arrive at the show site, the Check-In Committee will direct you to your assigned tank(s). Please float your fish only in your assigned

tank. The Check-In Committee will review your registration paperwork and will call you when it's time to bench your fish.

Health Check: All fish entered will be examined for sores and disease, measured, and entered in their proper size and classification. The Check-In Committee will then determine if a fish is eligible to be in the show. If a fish is disqualified for health reasons, we will re-bag and oxygenate it, and ask that you return it to its home.

Classification: Each fish will be identified by classification and size. The classifications used in judging are listed on p. 7. Please note that it is the responsibility of the entrant to select the correct classification. If you need assistance we'll be glad to suggest the correct one at check-in.

Preparation: To ensure the health of your fish and to help maintain high water quality we require you to purge (do not feed) your fish for a minimum of three days prior to the show.

After Registration and Check-In:

Handling: Once fish have been checked in, no handling or examination will be allowed by anyone except authorized show personnel.

Withdrawal: After fish have been placed in their appropriate tank they may only be withdrawn from the show with the authorization of the Show Chairperson.

Check-Out: Fish will be bagged by authorized show personnel according to pre-assigned check-out order. The show committee will strictly enforce this order. All entrants are responsible for providing their own bags and carrying containers. (bags may be purchased at the show site) Fish will only be returned to the entrants or to the dealer providing the entrant's delivery and pick-up service.

Water Quality: All efforts have been made to ensure on-going safe water quality for the health of your fish. Therefore, no one except authorized show personnel will be allowed to monitor or correct water quality. Please bring your own net to the show with your name on the net for identification if you have concerns about having your koi come in contact with other koi. By using your own net we can diminish the chance of cross contamination between tanks.

Disclaimer: Show Committee and Show Chair are not responsible for any losses or injury to fish entered in the show. All reasonable precautions will be taken to

ensure the health and safety of Koi entered in the show. Thank you for your cooperation.

Judging:

Judging will start at 11:00 AM Saturday, June 18th: Judges will select a Champion and Runner up Champion in each class. As each class and category is judged, the winners will be announced. Once the winners' names have been announced the class will not be re-judged under any circumstances. The decisions of the Koi judges are final.

Class Closure: As long as there is at least one fish entered in a class, it will not be closed. However, where there are fewer than three fish in a class, the Show Committee may combine classes at their discretion.

Criteria: The following is an example of the criteria used for judging Koi to help you understand what the judges are looking for. The percentages are given as examples, as they can be adjusted at the discretion of the judges: 30% Conformation (shape), 30% Color, 20% Pattern, 10% Quality and Elegance (subjective), and 10% Imposing Appearance.

Awards: The following awards will be presented to the winners at the Awards Ceremony on Saturday afternoon:

<i>Grand Champion</i>	<i>Award</i>
<i>Reserve Grand Champion</i>	<i>Award</i>
<i>Junior Grand Champion</i>	<i>Award</i>
<i>Baby Grand Champion</i>	<i>Award</i>
<i>Long Fin Champion</i>	<i>Award</i>
<i>Best in Size</i>	<i>Award</i>
<i>Champion and Runner Up</i>	<i>Certificates</i>
<i>Honorable Mention</i>	<i>Certificates</i>

Contingencies and Extreme Circumstances: Any items not covered by these rules or extreme circumstances will be handled at the sole discretion of the Show Chairpersons.

Tank Reservations: Pre-registration for tank space is required. We cannot ensure the availability of tanks at check-in time.

Due to American style judging, we are asking that you reserve your tank(s) by June 15th, 2011. To reserve your tank, all you need to do is to fill out the attached form and mail it to the show chair or email the information to the show chair.

Please let us know if you need more than one tank. Use the enclosed Entrant Worksheets to calculate tank needs

Even if you are bringing 5 or fewer fish and don't wish to have the exclusive use of a tank, please let us know that you are coming and how many fish you are bringing

Please call or e-mail your tank reservations to:

Zak Schmidt (425-486-8504 or zgschmidt@koi.com)

Reservations for Show Tank

Name _____

Home Phone _____

Email address _____

Number of 6' tanks @\$25.00 per tank _____

I plan on bringing 5 or fewer fish and will not require the exclusive use of a tank. (no tank fee)

If you are bringing a large number of fish or if you are traveling some distance, please let us know and we will reserve a check in time for you.

Please contact me to set a check-in time.

KOI CLASSIFICATIONS

KOHAKU - A non-metallic white body Koi with red markings.

SANKE - A non-metallic white body Koi with red and black markings. Basically a Kohaku with black markings from the shoulder back.

SHOWA - A non-metallic black body Koi with red and white markings.

UTSURI MONO - A non-metallic black body Koi that carries a second color which may be white, red, or yellow.

BEKKO - A non-metallic white, red, or yellow Koi with black markings.

TANCHO - A Koi which has a red spot on the head and no other red on the body. For example; Tancho Kohaku, Tancho Sanke, Tancho Showa, Tancho Kujaku etc.

GIN RIN - Diamond or reflective scaled Koi of any variety

ASAGI/ SHUSUI - In the Nozomi Young Koi Show Asagi and Shusui are judged in the same class.

ASAGI are non-metallic gray-blue net patterned Koi with red along the sides, cheeks and in the fins.

SHUSUI is a Doitsu (German Scaled) Asagi. The characteristic feature of the Shusui is the line of Doitsu scales that run along side the dorsal fin that replaces the reticulated pattern of scales of the Asagi.

HIKARIMONO (OGON) - Includes all single colored metallic Koi and those with Matsuba (pinecone) patterns.

HIKARIMOYO - All metallic Utsuri Mono and Showa and metallic Koi that have a pattern. For example; Hariwake, Kikusui, Kujaku, etc.

KAWARIGOI - A classification of all Koi that are not included in any other group. There are well over 100 varieties in this "catch-all" classification.

Please note: If you are in doubt as to the classification of a specific fish, please ask someone involved at check-in who can assist you on applying the correct classification. Also, Doitsu Koi will be shown in their pattern classification rather than a separate Doitsu class.
